## ROADWAY LIGHTING CERTIFICATION

### IMSA Roadway Lighting Technician I

**Description:** The IMSA Roadway Lighting Technician I Exam certifies the holder as being knowledgeable in the basic terminology and operation of today's complex lighting systems. The exam tests the student's knowledge of standards and specifications of basic wiring, grounding and equipment; operating principles of illumination; electrical safety, the tools, processes and materials used to build roadway lighting systems and maintenance. With the right supervision and direction, the bearer of this certification is ready to contribute to any roadway lighting crew that is working on construction maintenance.

**Target Audience:** Those responsible for the installation and maintenance of roadway lighting systems.

**Prerequisites:** IMSA Work Zone Temporary Traffic Control Technician or IMSA approved Work Zone equivalent.
